

## Barbizon

Barbizon has changed my life in many different ways. I have gained self confidence by being in the classes, which have taught me that I am a capable person to do things that I could not do before, such as speaking in front of a group. I have learned about so many things, and discovered great make up techniques. It's a good place to meet new people and get to know them. You begin to rely on the teachers for anything you don't understand or any questions you have. Barbizon has taught me how to be a better person
