

I would like to thank some people:

Barb, for providing her wonderful program to me.
All my instructors, for giving me all I need to know about modeling and all that comes with it.

To all the people I've met, friends I've made; I will never forget anyone. We had so much fun and so many laughs.

My grandmother, you made this all possible and I owe you for life.

Last, and most of all, my mother. She drove me to and from Pittsburgh every week. And she listened to all that I learned, as I told her every detail of my classes. Forty-two minutes, was it?

Thank you all.
