

## BARBIZON TESTIMONIALS

As an editor for "DREAM" Magazine, I have had many experiences. I have recently been deeply involved in a "Life Experience" that has taken place within myself by way of the *Barbizon Modeling School*. With trepidation I entered their doorway. As the months passed, the faces became friends and advisors, answering my every question from the wisdom of their experiences. I now have much more self-confidence. Surely there are more adventures ahead of me in my journey through life. I will embrace each challenge and know that I will be better for it, just as I know that Barbizon has made me a better person.

Kristine Pittman

Attending Barbizon has given me confidence and self-esteem. I am more knowledgeable of fashion and no longer the fashion follower. I've learned the difference having confidence and self-esteem means in all areas of my life.

Barbizon has given me a **great gift**; the confidence I lacked.

Love,  
Monica

How Barbizon Changed My Life.

Hi! My name is Amanda Norris. When I first started Barbizon I didn't know what I was doing or what I was supposed to do. Barbizon taught me how to become more outgoing. They took away my shyness around other people and they helped me to make friends. Barbizon also taught me to look and feel like a model. Barbizon brought out the character in me. **THANKS BARBIZON**

*Barbizon School of Modeling helped my life in many ways. It helped increase my self esteem through numerous exercises designed to improve voice production, posture, poise and walking techniques. I had fun while learning vital skills which help me in my everyday life to leave positive and lasting impressions on those around me. My experiences at Barbizon have changed my outlook on life and will definitely have a positive impact that shall last forever.*

*Chris*

It's been a year since I auditioned for *Barbizon*. who would have thought that in one year I would be featured in over one hundred magazines and billboard ads..."WOW!" One day I'm in London, the next I am in the New York City! Now, I am a regular on the soap *All My Children* and have had nothing but thrilling success. Barbizon taught me the ropes of the modeling industry, and how to survive in this business without getting knocked over. I have nothing but respect for the modeling school Barbizon. What a team, I'm very blessed to be a part of their company.

Bobby Shue

It was only about a year ago that I had the dream of becoming a model. One day I came across an ad for Barbizon School and decided to go check it out. At my first class I was so nervous and I remember thinking "why in the world am I here... I'm not pretty enough to be a model." I thought I was going to die once I got on the runway and saw all these eyes looking at me! My instructor said she believed that I had what it takes and that alone boosted my confidence level. Coming out of Barbizon I feel like I could model in front of the world without blinking twice. Barbizon was absolutely the best confidence lifter possible. Heather Pearson

I'm about to complete my course at your school and I wanted to thank you and your staff for making me the person I am now. You have given me the inside on Fashion, Make-up and Modeling that I needed to become the model I want to be. I know now that I can achieve anything I want to achieve and I'm looking forward to joining your Group.

Sincerely,  
A. Walker

Recently I competed in the Pre-Teen Miss Oklahoma Pageant. I didn't win, but I realized how much I had learned at Barbizon, like how to sit in an interview and how to stand. I feel like now that I have completed my Barbizon training, I'm coming out a better person. Because I now know the proper skills to becoming a model and I am ready to try to start a modeling career. Abbie Chavez

*Barbizon enhanced my life by making me feel good about myself on the inside and the way that I appear on the outside. I use the skills that I learned at Barbizon every day, from how to apply make-up to how to walk. The people there encourage you to set goals and how to accomplish them. Barbizon is a wonderful experience to have.*  
Jade Monfils

#### PARENT'S TESTIMONY

Our daughter Trina has always set goals for herself. To assist her in realizing her goals, we enrolled her in your modeling classes. I am happy to tell you that the training you and your staff have given her has exceeded our expectations. Her classmates at school remarked that she always dressed sharply and had a very positive attitude. This positive attitude has spilled over into other parts of her school life. We would like to thank every member of your staff who worked with Trina. All of them seem to take a very personal interest in each student and show a great deal of affection for the modeling.

Sincerely,  
Bob Wollard

*I am very pleased with your school, and my daughter is very excited about attending. The school has trained my daughter very well, and the modeling has given her a lot of confidence in herself as well as taking some of her shyness away.*

Sincerely.....Margaret Davila

**Dear Barbizon Staff:**  
I just had to share my feelings with you concerning the training you provided my son, Lagron. He gained knowledge that I never would have been able to afford nor thought would ever be possible. He had many positive experiences and he had fun. His self-confidence is higher and he is pleased that he was able to show others that you can do anything you want. You not only trained my child in your program, you knew my child personally and were never too busy to stop and visit him. As a parent, I would like to thank you for all you did and still do to continue the success in my child's life. I feel I made the best investment a parent could ever make, an investment in my child's future.

Sincerely, Ethel Livingston-A proud Mom
