"Barbizon has opened up my mind to new experiences and has taught me so much. I really enjoyed modeling and I would like to continue. I have also met amazing girls and made lifelong friends."
- Miranda Carroll

"The things I feel are most valuable from Barbizon are:

a. The quality of people involved with Barbizon. That is unmatched anywhere else. b. The increased personal growth of self image and self confidence I have noticed in myself. c. I learned that it is up to me to improve myself. My skills to get where I would like to go."
