Barbizon

Before I start telling you how Barbizon has changed me, and how much it means to me, and also what I've learned here I'd like to give a special Thank You. I'd like to Thank Celest and Aaron. They are 2 very patient, helpful and wonderful instructors. They taught me so much. See, here at Barbizon you not only bond with the other students but also with the instructors. They both made the class fun and interesting.

Barbizon teaches proper etiquette, applying make-up, and also modeling techniques. They helped me overcome my fear of speaking in front of an audience. Which I have to do a lot of speeches in school. So that came in handy. Also, how they helped me with walking straight and tall with my shoulders back. It changed my whole appearance because when I stand up straight it makes me look thinner. I also learned how to apply make-up correctly. I saved the best for last, how to walk on runway (with the different walks, turns and poises). This is my favorite thing that I've learned. Now, hopefully I'd like to start to get jobs in the modeling field. That would be a dream come true. It may happen now, Thanks to Barbizon.
